

**Doosan Lentjes** is a German provider of proprietary environmental technologies for thermal waste treatment and power generation. Our areas of expertise include the incineration of renewable fuels such as waste, sewage sludge and biomass, heat recovery systems and flue gas cleaning equipment. However, our most important resource is our employees, which is why we offer them exciting projects and the opportunity to develop and take on responsibility – every day. ***As soon as possible we are looking for:***

## Technical Project Manager EC&I-Technology (m/f/d) – Ratingen (Headquarters)

### Your Tasks

- Processing of EC&I technology in international plant engineering, from the offer phase to handover to the customer, in line with costs, deadlines and quality
- Assumption of specialist responsibility for EC&I technology in order processing
- Determination, definition, and monitoring of design criteria for EC&I technology
- Management of sub-suppliers in the concept, draft, approval, and implementation planning and the preparation of documentation
- Preparation of technical specifications, cost calculations and tender documents
- Management of subcontractors and coordination of partners in the consortium (outsourcing of engineering packages as a work contract)
- Conducting technical negotiations (customers, suppliers)
- Participation in the preparation of offers, processing of supplements and auditing of EC&I services

### Your Profile

- Completed degree in electrical engineering or comparable training
- Experience in the (specialist) project management of the planning and execution of the EC&I-technical trades in industrial or plant construction
- Experience with MS Office
- Excellent ability to work in a team and intercultural competence
- Interdisciplinary thinking and acting
- Very good knowledge of German and English, as well as very good communication skills
- Willingness to go on business trips both nationally and internationally

### Our Offer

- Flexible and family-friendly working hours with a lived home-office culture
- Flat hierarchies and short decision-making paths
- Varied projects with a high degree of personal responsibility and creative freedom
- Modern company building with inviting lounge areas
- Canteen directly on site with daily changing regional lunch offers
- Company parking spaces on site
- Health-promoting measures, e.g. possibility to obtain a company bicycle

Does that sound exciting to you and do you find yourself in this position? Then become part of the Doosan family! We are looking forward to receiving your complete application documents. Please send them to **Linda Diel** at [DL.Human.Resources@doosan.com](mailto:DL.Human.Resources@doosan.com), stating your salary expectations.
