

**Doosan Lentjes**

# **Career opportunities with a global energy technology company**

# Great chances for professional engineers

## Who are we?

Doosan Lentjes, part of the Korea-based Doosan group, is a global provider of technologies for energy generation from both renewable and fossil fuels.

### We have in-house, proprietary technologies and processes – our areas of expertise include:

- Circulating fluidised bed (CFB) boiler technologies
- Waste-to-energy technologies including grate systems, steam generators and flue gas cleaning
- Sewage sludge incineration (SSI) technologies
- Wet and dry processes for flue gas desulphurisation (FGD)

### We are active throughout the world – our target regions encompass:

- Europe
- Middle East
- Asia
- Latin America

## Who are we looking for?

We are looking for dedicated experts for a range of different disciplines. What's more, our people should have certain characteristics, capabilities and interests allowing them to meet today's and tomorrow's industry challenges. In detail:

### Professionals in the disciplines of:

- Sales
- Process engineering
- Electrical / instrumentation & control (I&C) engineering
- Mechanical engineering
- Construction management
- Technical project management

### Professionals who are:

- Highly flexible and able to work under pressure
- Willing to develop on a long-term basis
- Able to learn and understand international business practices
- Interested in working with different cultures
- Innovative and willing to work on their own initiative
- Willing to take over responsibility in complex situations
- Willing to travel internationally at short notice
- Fluent in German and English, ideally with knowledge of an additional foreign language

# What do you need to do?

Visit us @ [www.doosanlentjes.com](http://www.doosanlentjes.com) and learn about our current vacancies or send us your speculative application

- Include your curriculum vitae
- Include certificates, references and diplomas
- Provide us with an idea of why you want to join us and what your plans are
- Let us know your availability
- Tell us about your special areas of interest within our organisation
