

Doosan Lentjes is a German provider of proprietary environmental technologies for thermal waste treatment and power generation. Our areas of expertise include the incineration of renewable fuels such as waste, sewage sludge and biomass, heat recovery systems and flue gas cleaning equipment. However, our most important resource is our employees, which is why we offer them exciting projects and the opportunity to develop and take on responsibility – every day. ***As soon as possible we are looking for:***

Commercial Project Manager (m/f/d) — Ratingen (Headquarters)

Your Tasks

- Execution of commercial project management tasks during the offer and execution phase of large-scale plant engineering projects
- Evaluation of tender documents with regard to commercial and legal risks, including preparation of the internal approval process, as well as commenting on and negotiating the customer contract
- Identification and negotiation of project-specific cooperation structures and contracts with relevant business partners
- Development and coordination of implementation concepts for tax, insurance and currency management, if necessary in cooperation with other relevant specialist departments
- Implementation of cash flow management and cash planning
- Management and support of project cost controlling including forecast
- Implementation or coordination of claim and contract management

Your Profile

- Completed university / technical college degree in the field of business administration, engineering or comparable training
- Several years of professional experience in commercial project management of international plant construction projects
- In-depth knowledge of international contract law
- Basic technical understanding and ability to work efficiently in cross-functional teams
- Construction site experience is desirable
- Expertise in MS Office and SAP MM / R3 systems
- Fluent written and spoken English and German skills; another foreign language would be an advantage

Our Offer

- Flexible and family-friendly working hours with a lived home-office culture
- Flat hierarchies and short decision-making paths
- Varied projects with a high degree of personal responsibility and creative freedom
- Modern company building with inviting lounge areas
- Canteen directly on site with daily changing regional lunch offers
- Company parking spaces on site
- Health-promoting measures, e.g. possibility to obtain a company bicycle

Does that sound exciting to you and do you find yourself in this position? Then become part of the Doosan family! We are looking forward to receiving your complete application documents. Please send them to **Linda Diel** at DL.Human.Resources@doosan.com, stating your salary expectations.
