

Doosan Lentjes

Doosan Lentjes is a global provider of processes and technologies for steam and power generation from both sustainable and conventional fuels. Our specific areas of expertise include circulating fluidised bed boilers, key technologies for waste-to-energy and sewage sludge incineration, as well as, flue gas cleaning systems. As we understand that our people are our most valuable resource, we put extensive efforts into recruiting and developing the very best talents of tomorrow. For our headquarters in Ratingen we are looking for a:

Manager Cost-Estimation / Document Management Software (m/f/d)

Duties and Responsibilities

- Ensuring that work is carried out effectively with regard to quality standards, time scheduling and budget costs
- Central contact for all tasks and problems concerning the PLM/Cost OS system
- Set-up, maintenance and self-reliant further development of in-house tools for efficient calculation creation (offer database, cost tools, cost OS)
- Execution of smaller programming tasks (VBA etc.), as well as, self-contained creation of SQL queries (MS SQL)
- Coordination of external and internal services in connection with PLM/Cost OS systems and the associated software landscapes
- Support of the headquarters in Ratingen (place of operation), Prague (subsidiary) and, if necessary, Katowice, Poland (engineering office)
- Central contact person for Planet / Nomitech and binding element between Doosan Lentjes and Planet / Nomitech (software companies for PLM and Cost OS)
- Execution/coordination of internal training courses

Your Profile

- University degree in engineering, economics or informatics
- Very good IT skills (incl. software architecture)
- Very good understanding of (relational) databases and ERM models
- Advanced programming skills (SQL, VBA, C etc.)
- Understanding of common software concepts (OOP, MVC)
- Several years of experience in plant or power plant construction would be desirable
- Knowledge of the German and English language, both written and spoken
- Excellent communicative qualities
- Systematic, accurate and responsible completion of tasks
- High level of creativeness and willingness to solve difficult problems
- Willingness to travel both nationally and internationally

What we offer you

- An international working environment and a pleasant business environment
- An interesting and diversified area of work
- Professional and personal training
- Family-friendly organisation of working time

Does this sound exciting to you and do you find yourself in this position? If you would like to be a part of the Doosan family, please send your CV and application including your salary expectations to: DL.Human.Resources@doosan.com. We look forward to meeting you!
