

Doosan Lentjes

Doosan Lentjes is a German provider of proprietary environmental technologies for thermal waste treatment and power generation. Our areas of expertise include the incineration of renewable fuels such as waste, sewage sludge and biomass, heat recovery systems and flue gas cleaning equipment. However, our most important resource is our employees, which is why we offer them exciting projects and the opportunity to develop and take on responsibility – every day. From 01 July 2021 we are looking for:

Project Engineer Civil Engineering (m/f/d) — Ratingen (Headquarters)

Your Tasks

- Processing of civil engineering (including control of the technical building equipment) in international plant engineering from the offer phase to handover to the customer, on time and in line with costs and qualities
- Assumption of responsibility for order processing of the civil works
- Identification, definition and monitoring of civil design criteria
- Management of architecture and engineering companies, specialists and experts in conceptual, basic, approval and detail design and preparation of documentation
- Preparation of technical specifications, quantity estimations, cost calculations and tender documents
- Management of subcontractors and coordination of construction partners in the consortium
- Conducting technical negotiations (customers, suppliers)
- Participation in the preparation of offers, change orders and claim management related to civil engineering and civil works

Your Profile

- Study of civil or structural engineering or comparable education
- Experience in civil project management of design and execution of civil works for industrial or plant engineering and construction
- Experience in dealing with European building standards
- Experience with AutoCAD (2D) and MS Office
- Excellent teamwork skills and intercultural competence
- Systematic, independent, efficient way of working
- Interdisciplinary thinking and acting
- Very good German and English skills, as well as very good communication skills
- Willingness to travel in Europe

What we offer you (move the cursor over the icons to learn more)

Does that sound exciting to you and do you find yourself in this position? Then become part of the Doosan family! We are looking forward to receiving your complete application documents. Please send them to **Linda Diel** at DL.Human.Resources@doosan.com, stating your salary expectations.
