

DOOSAN Lentjes

Doosan Lentjes is a German provider of proprietary environmental technologies for thermal waste treatment and energy generation. Our areas of expertise include the incineration of renewable fuels such as waste, sewage sludge and biomass, heat recovery systems and flue gas cleaning equipment. However, our most important resource is our employees, which is why we offer them exciting projects and the opportunity to develop and take on responsibility – every day. **As soon as possible we are looking for:**

Machine Technician (m/f/d) – Ratingen (Headquarters)

Your Tasks

- Independent, qualified assessment of customer requirements and development of mechanical and system engineering concepts for plants for the incineration of sewage sludge in stationary fluidised bed furnaces, as well as for waste incineration/waste disposal plants
- Determination of mechanical engineering systems and components, and preparation of technical specifications
- Technical evaluation of supplier offers and conducting of award negotiations
- Participation in design and warranty reviews
- Coordination and supervision of suppliers during order processing, including installation and commissioning support
- Maintenance and continuous improvement of design and standard templates
- Securing know-how by evaluating operating results after order processing

Your Profile

- Completed technical university studies, preferably in mechanical engineering, design engineering, process engineering or comparable studies
- Several years of professional experience in the field of stationary fluidised bed plants
- Experience in sewage sludge and waste incineration or waste disposal technology desirable
- Use of Windows applications, especially Excel
- Willingness to travel in principle
- Fluent German and English language skills

Our Offer

- Flexible and family-friendly working hours with a lived home-office culture
- Flat hierarchies and short decision-making paths
- Varied projects with a high degree of personal responsibility and creative freedom
- Modern company building with inviting lounge areas
- Canteen directly on site with daily changing regional lunch offers
- Company parking spaces on site
- Health-promoting measures, e.g. possibility to obtain a company bicycle

Does that sound exciting to you and do you find yourself in this position? Then become part of the Doosan family! We are looking forward to receiving your complete application documents. Please send them to **Linda Azmee** at **DL.Human.Resources@doosan.com**, stating your salary expectations.
