

# **DOOSAN** Lentjes

**Doosan Lentjes** is a German provider of proprietary environmental technologies for thermal waste treatment and energy generation. Our areas of expertise include the incineration of renewable fuels such as waste, sewage sludge and biomass, heat recovery systems and flue gas cleaning equipment. However, our most important resource is our employees, which is why we offer them exciting projects and the opportunity to develop and take on responsibility – every day. **As soon as possible we are looking for:**

## **Project Risk Manager (m/f/d)** – Ratingen (Headquarters)

### **Your Tasks**

- Ensuring compliance with risk-relevant processes
- Accompanying project risk assessments as well as bid and contract reviews
- Organization and moderation of risk assessment workshops prior to selected bid submissions, as well as during contract execution
- Communication with department management and the parent company regarding all bid- and contract-related risks, their effects, as well as countermeasures initiated
- Supporting selected claims and investigating specific contract deteriorations
- Regularly requesting opportunity and risk assessments from managers for their areas of responsibility

### **Your Profile**

- Completed studies, preferably in mechanical engineering, process engineering, economics, electrical engineering or comparable higher economic or technical education
- Many years of experience in international plant construction, ideally in project or engineering management
- Extensive experience in sales, project planning, execution or trouble shooting in plant engineering, preferably in the fields of power plant construction or waste incineration
- Experience in change or claim management
- Routine use of common MS Office tools
- Construction site experience desirable
- Business fluent German and English language skills

### **Our Offer**

- Flexible and family-friendly working hours with a lived home-office culture
- Flat hierarchies and short decision-making paths
- Varied projects with a high degree of personal responsibility and creative freedom
- Modern company building with inviting lounge areas
- Canteen directly on site with daily changing regional lunch offers
- Company parking spaces on site
- Health-promoting measures, e.g. possibility to obtain a company bicycle

Does that sound exciting to you and do you find yourself in this position? Then become part of the Doosan family! We are looking forward to receiving your complete application documents. Please send them to **Linda Azmee** at [DL.Human.Resources@doosan.com](mailto:DL.Human.Resources@doosan.com), stating your salary expectations.
