

Doosan Lentjes is a German provider of proprietary environmental technologies for thermal waste treatment and power generation. Our areas of expertise include the incineration of renewable fuels such as waste, sewage sludge and biomass, heat recovery systems and flue gas cleaning equipment. However, our most important resource is our employees, which is why we offer them exciting projects and the opportunity to develop and take on responsibility – every day. ***As soon as possible we are looking for:***

Senior Designer (Grate Construction) – m/f/d – Ratingen (Headquarters)

Your Tasks

- Independent, qualified evaluation of customer requirements and development of mechanical and design concepts for waste incineration / waste disposal plants
- Definition of mechanical systems and designing of grate components
- Creation of technical specifications
- Technical assessment of grate components and participation in award negotiations
- Participation in design and warranty reviews
- Coordination and monitoring of the suppliers during the order processing including assembly and commissioning support
- Maintenance and continuous improvement of the design and standard templates
- Securing the know-how by evaluating the operating results after the order processing

Your Profile

- Completed technical university degree, preferably in the field of mechanical engineering, construction or a comparable course of study
- Several years of professional experience in the designing of waste incineration plants based on grate technology
- Sound skills in 2D and 3D drawing tools, Inventor application is mandatory
- Willingness to undertake occasional national and international trips
- Sound written and spoken German and English language skills

Our Offer

- Flexible and family-friendly working hours with a lived home-office culture
- Flat hierarchies and short decision-making paths
- Varied projects with a high degree of personal responsibility and creative freedom
- Modern company building with inviting lounge areas
- Canteen directly on site with daily changing regional lunch offers
- Company parking spaces on site
- Health-promoting measures, e.g. possibility to obtain a company bicycle

Does that sound exciting to you and do you find yourself in this position? Then become part of the Doosan family! We are looking forward to receiving your complete application documents. Please send them to **Linda Diel** at **DL.Human.Resources@doosan.com**, stating your salary expectations.
