

# DOOSAN Lentjes

**Doosan Lentjes** is a German provider of proprietary environmental technologies for thermal waste treatment and energy generation. Our areas of expertise include the incineration of renewable fuels such as waste, sewage sludge and biomass, heat recovery systems and flue gas cleaning equipment. However, our most important resource is our employees, which is why we offer them exciting projects and the opportunity to develop and take on responsibility – every day. **As soon as possible we are looking for:**

## Structural Engineer (m/f/d) – Ratingen (Headquarters)

### Your Tasks

- Development of structural concepts as well as the preparation of static verifications with a focus on steel structures
- Estimation and evaluation of the planning costs prior to the order and supervision during the execution of the order
- Compilation of data packages for external engineering offices
- Review of the client's specifications and preparation of technical specifications, mass statements and cost calculations
- Participation and involvement in negotiations with customers, partners, suppliers and engineering firms
- Communication of the technical interfaces with internal specialist departments and external engineering offices or suppliers
- Quality control of steel construction models and drawings
- Assumption of technical responsibility for steel construction planning during order processing

### Your Profile

- Degree in civil engineering, specialising in structural engineering or comparable training
- At least 10 years of professional experience in the processing of comparable tasks
- Experience in dealing with international and European construction standards
- Experience in the FEM programs SCIA Engineer or RFEM / RSTAB, ideally also in TEKLA
- AutoCAD (2D) and MS-Office
- Distinct ability to work in a team, communication skills and intercultural competence
- Systematic, independent and efficient way of working
- Very good knowledge of German and English
- Willingness to travel

### Our Offer

- Flexible and family-friendly working hours with a lived home-office culture
- Flat hierarchies and short decision-making paths
- Varied projects with a high degree of personal responsibility and creative freedom
- Modern company building with inviting lounge areas
- Canteen directly on site with daily changing regional lunch offers
- Company parking spaces on site
- Health-promoting measures, e.g. possibility to obtain a company bicycle

Does that sound exciting to you and do you find yourself in this position? Then become part of the Doosan family! We are looking forward to receiving your complete application documents. Please send them to **Linda Azmee** at **DL.Human.Resources@doosan.com**, stating your salary expectations.
